

TruCLEAN™ Anti-Microbial Mop

Capture and contain dust and allergens

22-32
TruCLEAN Anti-Microbial Mop

Applications

- Control bacterial growth in critically clean environments
- Compatible with all TruCLEAN Mopping Systems
- TruCLEAN Anti-Microbial Mop designed for use with TruCLEAN Stainless-Steel Mop Frame

Description

TruCLEAN Anti-Microbial Microfiber Mop has an added anti-microbial agent permanently bonded to the fibers, working to capture, contain and combat dust and allergens to ensure a bacteria free surface as the result. Perfex anti-microbial treated mop can eliminate up to 99% of the bacteria present on the cloth after cleaning. Can be repeatedly laundered, without losing it's anti-microbial properties.

Features

- Bacteria killing agent bonded to microfiber
- 16" (40cm) x 5" (12.7cm) coverage area with a single pass
- Quick changing mop head configuration
- Compatible with Gamma, ETO and autoclave sterilization

Benefits

- Kill a wide range of microbes on non-living surfaces
- Can be repeatedly laundered and autoclaved providing exceptional value.
